## TECHNICAL EXPERIENCE

### Grover Web Design/Freelance Web Design

*Web Designer/Programmer*

*October 2007 – Present*

- Started my own web design company that provides full service web design and programming for small to mid-sized businesses. [www.GroverWebDesign.com](http://www.GroverWebDesign.com)
- Do freelance work for Hit Web Design. Projects include: site design, zen cart edits, graphical edits, and much more.
- Do freelance work for Sacrificious Marketing working on facebook applications/pages and wordpress blogs.
- Started online resume business, Dynamic Web Resume. Provide customers with a fully customize web site resume. [www.DynamicWebResume.com](http://www.DynamicWebResume.com)

### MTP Software – Needham Heights, MA

*Product Development*

*June 2007 to September 2007*

- Studied and practiced a wide variety of topics in ASP.NET. Created an ASP.NET intranet page for the company to track our customers and if they were following their licensing guidelines.
- Performed many different technical jobs; including network admin, building servers, teaching computer skills to co-workers, and anything we needed to help keep production going.
- Spent a good amount of time on one interesting project where a client's data was automatically named with over 255 characters. This was a great project to use my problem solving skills to avoid losing valuable data.

### Authentica – Lexington, MA

*Quality Assurance Engineer*

*Summer 2004 and 2005*

- Worked independently as a QA engineer on Secure Office 2.0
- Executed test plans drawn up by my boss reported problems on Bugzilla program
- Manipulated program to find problems and wrote up exact directions to recreate the problem

## PROFESSIONAL EXPERIENCE

### Professional Hockey Player

*April 2005 to April 2008*

- Have played on various teams in SC, PA, MA, CA, OH, Denmark, Australia, and Germany
- Practice/teach leadership skills and working within a group everyday
